

through excavation, research, publication, site preservation, or collections preservation, all in collaboration with the professional community or public outreach.

This award is well deserved for Kenneth, as he has spent his career conducting archaeological research and excavations in western Pennsylvania, focusing on the lifeways of prehistoric Native Americans who once lived in the Redbank Creek watershed.

Kenneth is currently the executive director of the Jefferson County History Center as well as a field associate with the Carnegie Museum of Natural History. He spends time working closely with the Society for Pennsylvania Archaeology 29th Chapter, located in North Fork.

Kenneth has a true passion for bringing our history to life and sharing the artifacts of the people who walked this Earth before us.

Once again, I want to congratulate Kenneth on this well-deserved accomplishment.

RECOGNIZING WGY RADIO STATION ON ITS 100TH ANNIVERSARY

(Mr. TONKO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TONKO. Madam Speaker, I rise today to recognize New York's Capital Region radio station, WGY, on the occasion of its 100th anniversary.

Through decades of informing and entertaining Capital Region listeners, WGY has long stood as a pillar of the Schenectady community.

This pioneering station, established by engineers at General Electric in 1922, has spent a century at the forefront of innovations in radio technology.

From conducting the first two-way radio transmission to England to being one of the first two radio stations to broadcast baseball's World Series, WGY has played a key role in establishing New York's Capital District as a global and national hub for technological advancement.

I extend my warm congratulations to everyone at WGY for reaching this historic milestone. Throughout its first 100 years, the station has connected with listeners through its talented and revered hosts.

Here is to many more successful years delivering powerful stories and quality news to our communities. Congratulations to WGY.

PUTIN'S WAR ATROCITIES

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Madam Speaker, the murderous Putin's war on Ukraine is criminal.

I am grateful that America and our NATO allies are unified to support

Ukraine President Volodymyr Zelensky and the Ukrainian people.

I have faith in the Russian people, who I have met on numerous visits across Russia, that they will reject Putin's war atrocities. A nation of world-significant art, music, and literature can change, and that is why I am introducing a bill to encourage Russian military defectors with immediate refugee status in America, with up to \$100,000 for any Russian military equipment transferred to Ukraine. Putin betrays the troops to death.

Additionally, I will introduce a bill for a bust of President Volodymyr Zelensky to be placed in the U.S. Capitol, as is the bust of Prime Minister Winston Churchill. Churchill was the wartime leader of World War II, and Zelensky is the wartime leader in Putin's war.

God bless Ukraine. God save Ukraine. Long live Volodymyr Zelensky.

RECOGNIZING SANDRA NOE

(Mr. MRVAN asked and was given permission to address the House for 1 minute.)

Mr. MRVAN. Madam Speaker, it is with great respect and admiration that I rise to celebrate Women's History Month and recognize Sandra Noe, Executive Director of Meals on Wheels in northwest Indiana.

Sandra has worked with Meals on Wheels for 36 years to combat senior isolation and hunger.

As the demand for services increased over the past year during the COVID-19 pandemic, Meals on Wheels rose to the challenge and delivered over 1,700 meals daily, provided over 750,000 wellness checks, and celebrated its nine-millionth delivery.

Madam Speaker, as we recognize Women's History Month, please join me in thanking Sandra and everyone at Meals on Wheels for the extraordinary services they provide to northwest Indiana.

Let us recommit to continuing to support their invaluable work and recognize this month and every day the invaluable ways that women continue to provide healing and promote hope, not just in caregiving, but in all aspects of our society.

BIDEN'S ENERGY CRISIS

(Mr. ROSE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ROSE. Madam Speaker, this past weekend, on my way to a military medal presentation in Crossville, Tennessee, I stopped to fill my SUV with gas. Like many Americans, I was shocked to have to pay nearly \$4 a gallon for gasoline.

Putin's invasion of Ukraine has no doubt made this situation worse, but our skyrocketing gas prices are primarily due to President Biden's reversal of President Trump's highly suc-

cessful energy policies that had oil and gas production high, gas pump prices low, had created hundreds of thousands of new energy jobs, and had created an energy-independent United States for the first time in decades.

Instead of admitting this mistake, ending the freeze on new oil and gas projects, and stopping the regulatory assault on new energy projects in the United States, the Biden administration has reportedly been secretly meeting with Venezuela and its corrupt authoritarian regime to discuss the possible lifting of sanctions against importing Venezuelan oil.

We currently purchase more than half a million barrels of oil a day from Russia, which needs to stop immediately. Instead of replacing Russian oil with equally nefarious Venezuelan oil, why not re-create those jobs here in America.

HONORING CANDICE EBERHARDT

(Ms. BROWN of Ohio asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. BROWN of Ohio. Madam Speaker, I rise today to honor Candice Eberhardt, who recently made history by becoming the first Black woman to lead the Akron-Cleveland Association of Realtors, also known as ACAR, across its 100-year existence.

Throughout her 20 years in realty, Ms. Eberhardt has held many titles: youngest minority real estate broker in Akron, emerging leader, and entrepreneur. Now, she adds one more: glass ceiling breaker.

I am most grateful for the ways Ms. Eberhardt gives back to our community. She helps to develop young agents. She speaks to community groups about homeownership. She has held key roles in local government. She serves as the Akron NAACP housing chair, and she mentors high school students.

Through her impressive career and considerable contributions, Ms. Eberhardt has paved a path that more Black women in northeast Ohio will follow. I would like to congratulate Ms. Eberhardt on her new role and thank her for serving as a trailblazer, a change-maker, and a role model in northeast Ohio.

CALIFORNIA'S HIGH GAS PRICES

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Madam Speaker, today, the national average for a gallon of gas is a little over \$4—\$4.06 to be exact. Meanwhile, in my home State of California, the average gas price per gallon all across our State is \$5.34. For the first time ever, the average gas price per gallon is over \$5 in every single California county.

Now, I know California brings a lot of pain upon itself, self-inflicted, but I
